## Major Benefits of Attending

By the end of this course, delegates will be able to: -

- **PINPOINT** the critical criteria in evaluating capital projects to avoid waste and inefficiencies
- **EVALUATE** the strengths and weaknesses in your projects
- **ADOPT** a consistent process for assessing project risk using earned-value forecasting
- **MASTER** how to recover a troubled project
- **CALCULATE** baseline performance of projects using the triple constraints of project management
- **LEARN** best-in-industry practices and benchmarks that will keep you on the path to successful, well managed projects

## Course Methodology

This 3-day e-Learning Course will be conducted via ZOOM - Webinar / Video Conferencing. Delegates are required to have a working Webcam and Headset with Microphone. For a smooth conferencing, delegates should have an Internet Speed of at least 8Mbps Download and 1.5Mbps Upload Speed.

## Free takeaways!

Take away several Earned Value Management and Expected Value exercises to use for tools in the future and Project Victories project selection template. Successful completion of the course will qualify for 12 PDUs.

## Why you Should Attend?

The practical and applicable areas you will learn and take away from this workshop will empower you, your team, your organization, and all that you do going forward with results in your organization.

The techniques, exercises, templates, forms, white papers, and other materials, you will receive electronically, will help you become more effective, communicative, and productive while improving bottom-line results and best value delivery. This workshop is not practical theory, but REAL LIFE, RESULTS ORIENTED and TIME-TESTED techniques.

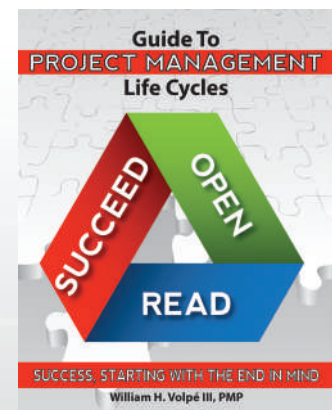

With the many changes taking place in the world today, the need to become more effective with time, resources, and remote staff while many are retiring and there is less money to accomplish what you need to do, you will not want to miss this workshop. This is not just another training or workshop where you will leave and not have learned anything. William H Volpé III is all about PERFORMANCE and SUCCESS and has taught project management and managed projects all over the world.

## Who Should Attend?
