

# EPC & EPCIC Contracts Masterclass

*Achieve the project goals in line with the company's overall objectives*

**7th - 9th September 2021**

**E - Learning Course**

## Course Objectives

**Capitalize on the expert knowledge to gain maximum value on these vital issues:**

- **BECOME** proficient in preparing, negotiating and procuring a contract suitable for your specific project
- **MASTER** the processes and procedures applicable to the implementation and administration of EPC and EPCIC contract
- **ASSESS** operational, commercial, legal and financial risks in EPCIC contracts
- **ADDRESS** key issues faced during project lifecycle and how to tackle these through enforceable contractual clauses
- **SECURE** a positive outcome to claims for additional time and cost
- **AVOIDING** drafting pitfalls and ambiguous contractual terms
- **GAIN** practical knowledge and tips on how to run EPC and EPCIC contracts

## Course Methodology

**This 3-day e-Learning Course will be conducted via ZOOM - Webinar / Video Conferencing. Delegates are required to have a working Webcam and Headset with Microphone. For a smooth conferencing, delegates should have an Internet Speed of at least 8Mbps Download and 1.5Mbps Upload Speed.**

## Why you Should Attend?

You will not only gain a solid legal basis and understanding of EPC and EPCIC contracts but will also learn how to apply them in practise. You will learn and gain knowledge of the unique features and provisions, i.e. both the "good" and the "bad", of typical EPC and EPCIC contracts encountered.

Get to grips with the procedures and issues (such as time-bars) that typically tend to trip you up and become more proficient in your understanding and application of these contracts. Maximise your chances of preparing, quantifying and submitting successful claims.

Gain an understanding of risks and how to minimize and manage them. Learn how to avoid but also how to deal with disputes.

## Who Should Attend?

This course is highly recommended for professionals involved with or responsible for the procurement and implementation of EPC and EPCIC contracts.

- Employers (Operating in retail, infrastructure, transportation, petrochemical or the oil and gas industry)
- Contractors and sub-contractors
- Engineers and Project managers
- Architects
- Quantity Surveyors and cost engineers
- Planners
- Legal advisors and others involved with or responsible for the procurement and implementation of EPC and EPCIC contracts.
