

# Assessing Blockchain Opportunities, Fit And ROI For Your Firm

*Blockchain is not a monolith technology. It comes with many faces, potentials and implementation possibilities. But is also a two sided sword that can lead companies in to a budgetary black hole.*

**29th - 30th November 2021**

**E - Learning Course**

## Major Benefits of Attending

By end of this course, delegates will be able to: -

- **LEARN** about the technology that is changing how banking is done
- **IMPROVE** your operational and decisions making processes
- **RECOGNIZE** the impact of blockchain beyond the hype
- **UNDERSTAND** the potential of new money and finances
- **BUILD** new cooperative and innovative business models
- **MASTER** how to develop a blockchain platform
- **ACQUIRE** disruptive case studies that are changing your industry

## Course Methodology

This 2-day e-Learning Course will be conducted via ZOOM - Webinar / Video Conferencing. Delegates are required to have a working Webcam and Headset with Microphone. For a smooth conferencing, delegates should have an Internet Speed of at least 8Mbps Download and 1.5Mbps Upload Speed.

## Why you Should Attend?

Masterclasses will result in case delivered for you ONLY. You will walk out of the class with basic understanding of Blockchain concepts and expected outcomes.

After the masterclasses, there will be productive and confident conversations between business and R&D department.

Hear stories, use cases and applications of Intelligent automation technologies in F&A, HR, Operations, Procurement and Supply chain across industries.

## Who Should Attend?

Non-technical and technical executives in various size companies seeking to adopt Blockchain and wishing to create maximum value in order to lead the game. Our 'No Formulas' approach makes it easy to follow for business people.
