Course Methodology

Client has the option to choose to participate either below method.

Online Training : *This course will be conducted via Zoom.*

Marriot Group Hotel: *This course will be conducted at the hotel with the trainer on site. Participants will need to bring their own laptop. Lunch/Dinner and 2 networking breaks will also be provided.*

Prerequisites

Basic knowledge, experience and understanding of terminal or tanker operations or a degree in Engineering

Why you Should Attend?

This 3-day highly interactive and practical course will assist petroleum, crude oil, and petrochemical operators in achieving a competitive advantage by having an effective and well managed operation. This will ensure your operational processes and workforce perform up to the highest standards and expectations achieving a competitive advantage.

Who Should Attend?

This course is designed for anyone with immediate responsibility for loading, discharging and care in custody transfer or handling oil or gas cargoes especially oil and gas operators, vessel owners and operators, surveyors and marine superintendents.

Attendees include:

- Supply Chain – Personnel involved in crude oil and products transshipment, chartering, shipping, finance-quantity measurement and accounting cargo operations, planning, scheduling, including management who did not have a chance of working 'in the field'.
- Energy and Logistics – Ship-brokers, traders, shipping agents, claims departments staff, loading masters, cargo inspectors, surveyors, demurrage departments, marine insurers, charterers, ship-owners: biofuel, gas, LPG, crude oil, oil products, chemical or mineral resources enterprises.
- Administrative and Non-Operational office staff who lack 'on hand' practical experience, this course will help them to vividly imagine operational reality by discussing and solving 'real time' daily issues. Highlighted by photographic material and true live situations taken from our international experience.
- Oil & Gas Industry – Management who have to formulate and take charge of cargo acceptance policy and practice.
