Why you should attend

As an HR manager, can you articulate your company's business goals and strategy?

Do you know how best to align your human resource tools and expertise — from recruitment, to talent management, to engagement — to support this strategy? This MBA level advanced HR management program provides a broad, organizational perspective, laying the foundation for you to identify, develop, and measure HR initiatives critical to your firm's bottom-line success.

The role of today's HR manager demands broad responsibilities that include organizational leadership and strategic thinking. As the profession evolves, HR departments are being called upon to make bigger-picture decisions and to execute well-defined HR strategies that align with larger organizational strategies.

Who Should Attend

Human Resource Specialists, and other HR professionals at all career levels working in the areas of...

- HR Policies and Procedures
- Employee Relations
- Employee Communications
- Personnel Administration
