COMPANY VALUATION MODELLING MASTERCLASS

The Understanding and Implementation of Financial Models to Support Accurate Asset Valuations

10th & 11th April 2023
## 24th & 25th July 2023

Kuala Lumpur (In Person) / Online Training

Major Benefits of Attending

By end of this course, delegates will be able to:-

- **VALUE** a company or investment using a variety of tools
- **IDENTIFY** the best models to use in a particular valuation situation
- **COMPARE** and contrast various forecasting and analysis techniques
- **EXPAND** your professional expertise – and your career opportunities
- **DETERMINE** whether an asset is properly valued by the market or not
- **ANALYZE** the different valuation options to arrive at the best value decision
- **DEVELOP** knowledge of the assumptions underlying the different approaches
- **TAKE** the guesswork out of your decision making; deliver a superior bottom line
- **UNDERSTAND** discounting concepts, cost of capital and discounted cash flow analysis

In conjunction with the Fasting Month of Ramadhan, all our Muslim Delegates would be given Complimentary Dinner Buffet Vouchers to remunerate the usual Lunch Buffet. Each fasting delegate will receive One (1) Voucher per Training Day. These vouchers are redeemable for dine-in in HOTEL VENUE, valid for One (1) Month from the event day

Why you Should Attend?

Accurate asset valuations are key to efficient and thriving markets. The ability to place a proper, supportable value on an asset distinguishes the intelligent investor from the herd mentality, and endows a competitive advantage in the market place.

From value investors like Warren Buffet, to hedge fund billionaires like Ray Dalio, their ability to determine value has been critical to their success, and has contributed to market discipline overall. Having an understanding and ability to implement various rigorous valuation techniques will drive your own success in financial and related activities.

Who Should Attend?

This workshop has been researched and developed for financial decision makers such as:

- Accountants
- Credit analysts
- Equity analysts
- Project managers
- Financial analysts
- Investment Bankers
- Commercial bankers
- Management consultants
