Who Should Attend

The seminar is specifically designed for:

- Barge Masters
- Barge Engineers
- Marine Warranty Surveyors
- Marine Personal
- Offshore Installation Managers

and people who want to enter the marine departments of offshore drilling operators

Why Should You Attend

This highly interactive and practical course will assist offshore drilling operators in achieving a competitive advantage by having an effective and well managed rig move (example would be how to move a jack-up drilling unit up to oil & gas platform without running anchors and anchor wires saving 3 - 4 days' operational cost to the operator.)

This will ensure your operational processes and workforce perform up to the highest standards and expectations achieving a competitive advantage

Course Methodology

Client has the option to choose to participate either below method.

Online Training : *This course will be conducted via Zoom.*

Marriot Group Hotel: *This course will be conducted at the hotel with the trainer on site. Participants will need to bring their own laptop. Lunch/Dinner and 2 networking breaks will also be provided.*
